**INDEPENDENT AUDITOR'S REPORT****To the members of Jayem Automotives Private Limited****Report on Financial Statements****Opinion**

We have audited the accompanying Financial Statements of Jayem Automotives Private Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act, 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2025 and its loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing ("SA") specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and those charged with Governance for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

**Auditor's Responsibility for the Audit of Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :-

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of The Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them

all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT**

**[Referred to in paragraph 2(f) of our "Report on Other legal and Regulatory Requirements" section of our report of even date]**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)**

We have audited the internal financial controls over financial reporting of **Jayem Automotives Private Limited** ("the Company") as of 31<sup>st</sup> March 2025 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to Financial Statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting with respect to financial reporting**

A Company's internal financial control over financial reporting with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

**1 Company overview**

Jayem Automotives Private Limited was incorporated under the Companies Act, 1956 on 31 December 1999 as a private limited company with the registered office in Coimbatore, India. The Company Identification Number is U00292TZ1999PTC011979. The Company is engaged in the business of independent automotive R&D and involved in design, development, testing and manufacturing of a wide range of automotive components, systems, prototypes and production of Battery packs.

**2 Basis of preparation of financial statements**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements are presented in Indian Rupees which is rounded off into lakhs.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash or cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

These financial statements are prepared under the historical cost convention unless otherwise indicated.

**3 Material accounting policies**

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

**(a) Current and non-current classification**

All assets and liabilities are classified into current and non-current.

**Assets:**

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within 12 months after the reporting date;
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

**Liabilities:**

Liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within 12 months after the reporting date; or

the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of iv. a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

**(b) Operating cycle:**

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

**(c) Revenue recognition**

- i. Revenue from sale of service is recognized on completion of contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the service and regarding its collection. Sales are presented net of sales tax, goods and services tax, trade and discounts and sales returns.
- ii. Revenue from sale of goods is recognized on transfer of all significant risks and rewards of ownership to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods and regarding its collection. Sales are presented net of sales tax, goods and services tax, trade and quantity discounts and sales returns.
- iii. Interest on deposits is recognised on time proportion basis.

### 3 Material Accounting Policies (continued)

#### (d) Inventories

- i. Inventories are carried at the lower of cost and net realisable value.
- ii. Cost of inventories comprises purchase price and all incidental expenses incurred in bringing the inventory to its present location and condition.
- iii. The inventories are determined on moving weighted average basis.
- iv. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods in the ordinary course of business. Raw materials and other supplies held for use in production of inventories are not written below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

#### (e) Property, plant and equipment and depreciation

##### Tangible assets

Tangible assets are stated at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an item of tangible asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures related to an item of tangible asset added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Tangible assets acquired wholly or partly with specific grant/subsidy from government, are recorded at the net acquisition cost to the Company.

Borrowing costs are interest and other costs (including exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred by the Company in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of those tangible assets necessarily take a substantial period of time to get ready for their intended use are capitalised. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Depreciation on tangible assets is provided on written down value (WDV) method over the useful life as specified in Part C of Schedule II of the Companies Act, 2013. Leasehold assets are amortized on a straight line basis over the period of lease or useful life whichever is lower. Pursuant to the Act, depreciation is provided considering the following useful lives:

Category of assets	Useful life (in years)
Computer equipments - end user devices	3 years
Computer equipments - servers and network	6 years
Electrical equipments	10 years
Furniture and fixtures	10 years
Office equipments	5 years
Plant and machineries	15 years
Building	30 years
Motor vehicle	8 years
Leasehold Improvements	Based on the lease term

Depreciation is provided on a pro-rata basis i.e. from the date on which asset is ready for use.

A tangible asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal.

##### Intangible assets

###### *Acquired intangible assets*

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

### 3 Material Accounting Policies (continued)

#### (f) Financial instruments:

##### Financial assets:

Financial asset is recognised at fair value. In case of financial assets which are recognised at fair value through profit and loss, its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset. Financial assets are subsequently classified as measured at :

- Amortised cost
- Fair value through profit and loss
- Fair value through other comprehensive income

##### Trade receivables and loans:

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

##### Financial liabilities:

Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

#### (g) Provisions and Contingent liabilities:

Provisions are recognised when the Company has a present obligation as a result of an event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

#### (h) Leases:

Where the Company is Lessee :

After the commencement date, the amount of lease liability is measured by adding the amount of interest cost and reducing the amount of lease payments to the value of lease liability. The amount of Right of use on lease asset is depreciated over the lease term on a straight line basis

Short term leases are not considered for lease accounting under IND AS 116

Payments towards leasehold land paid upfront is amortized over the period of the lease. The same is considered as ROU assets.

Where the Company is Lessor:

The Company's leased out assets are in the nature of operating leases and lease payments received are recognized as income on accrual basis during the lease term.

#### (i) Impairment of assets

The Company periodically assesses whether there is any indication that an asset or a group of assets including goodwill comprising a cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of profit and loss.

At the balance sheet date, if there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

#### (j) Employee benefits

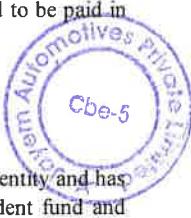

*Short-term employee benefits*

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits expected to be paid in exchange for employee services is recognized as an expense for the related service rendered by employees.

*Post-employment benefits*

*Defined contribution plan*

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund and employees state insurance to a Government administered scheme which is a defined contribution plan. The Company's contribution is recognized as an expense in the Statement of profit and loss during the period in which the employee renders the related service.

**3 Material Accounting Policies (continued)**

*Defined benefit plan*

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods; that benefit is discounted to determine its present value. The calculation of the Company's obligation under the plan is performed annually by a qualified actuary using the projected unit credit method.

The Company recognises all actuarial gains and losses arising from defined benefit plans immediately in the Statement of profit and loss. All expenses related to defined benefit plans are recognised in employee benefits expense in the Statement of profit and loss.

Gains and losses through re-measurements of the net defined benefit liability / (asset) are recognised in the Other Comprehensive Income. The actual return of the portfolio of plan assets, in excess of the yield, computed by applying the discount rate used to measure the defined benefit obligation is recognised in Other Comprehensive Income.

**(k) Foreign currency transactions**

**Transactions:**

The Company is exposed to foreign currency transactions including foreign currency revenues, receivables, purchase of goods and borrowings. Foreign exchange transactions during the year are recorded at the rates of exchange prevailing on the dates of the respective transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of profit and loss of the year.

**Translation:**

Monetary assets and liabilities denominated in foreign currencies as at the reporting date are translated at the closing exchange rates on that date; the resultant exchange differences are recognized in the Statement of profit and loss. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

**(l) Income taxes**

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with Indian Income-tax laws) and deferred tax charge or credit (reflecting the tax effects of change in timing differences between accounting income and taxable income). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted at the balance sheet date.

Minimum alternate tax ('MAT') paid in accordance with tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax within the eligible period.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward business loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain (as the case may be) to be realized.

Assets and liabilities representing current and deferred tax are disclosed on a net basis when there is a legally enforceable right to set off and management intends to settle the asset and liability on a net basis.

**(m) Earnings per share**

The basic earnings per share is computed by dividing the net profit after tax for the period by the weighted average number of equity shares outstanding during the period. Diluted earnings per share, if any is computed using the weighted average number of equity shares and dilutive potential equity share outstanding during the period except when the results would be anti-dilutive. Diluted potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

**(n) Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less from the balance sheet date, but excludes restricted cash balances.

**(o) Cash flow statement**

Cash flows are reported using the indirect method, whereby net profits/ losses before tax are adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

**(p) Exceptional items**

Where items of income and expense are of such size, nature or incidence that their disclosure is relevant to explain the performance of the company for the period, the nature and amount of such items should be disclosed separately.

d) In February 2019, Supreme Court of India in its judgment clarified that certain special allowances should be considered to measure the obligations under Employees Provident Fund Act, 1952. It is not currently clear whether the interpretation set out in the judgment has retrospective application. If applied retrospectively, the interpretation would result in an increase in contribution payable by the Company for past and future periods for certain of its employees. There are numerous interpretative challenges concerning the retrospective application of the judgment. Due to such challenges and a lack of interpretive guidance, it is currently impracticable to reliably estimate the timing and amount of any payments the Company may be required to make. The Company will continue to monitor and evaluate its position based on future events and developments.

**38 Employee benefits -Defined benefit plans**

Indian Accounting Standard (Ind AS) 19, "Employee Benefits" requires provision for defined employee benefit plans such as Gratuity benefits and leave encashment on accrual basis. The AS 19, requires an actuarial valuation to be done for certain types of employee benefits schemes, including gratuity benefit. Actuarial valuations are required by AS 19 to recognise liability when an employee has provided service in exchange for employee benefits to be paid in future and to recognise an expense when the enterprise consumes the economic benefit arising from service provided by an employee in an exchange for employee benefits. Till FY 2021-22, the Company has not opted for any gratuity scheme for calculating the gratuity liability. The payment to post employment and other long-term benefits are charged as an expense in the Statement of Profit and Loss as and when incurred. Current year, the Company have done the actuarial valuation and made a gratuity provision.

**The principal assumptions used for the purposes of the actuarial valuations were as follows:**

**40 Financial Risk Management Objectives and Policies**

The Company's principal financial liabilities comprise of trade payables and bank borrowings. The Company has various financial assets such as trade receivables, cash and short-term deposits, which arise directly from its operations.

The Company is exposed to credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management advises on financial risks and the appropriate financial risk governance framework for the Company. The Company's financial risk activities are governed by appropriate policies and procedures and that the financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken

**A. Credit Risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, loans and advances and deposits. None of the financial instruments of the Company result in material concentrations of credit risks. Credit risk from balances with banks is managed by the Company's treasury department. The objective is to minimise the concentration of risks and therefore mitigate financial loss.

Exposure to Credit risk - The carrying amount of financial assets represents the maximum Credit exposure. The maximum exposure to Credit risk was ₹ 2,286.76 Lakhs as at 31st March 2025 and ₹ 2,164.94 Lakhs as at 31st March 2024, being the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables and other financial assets excluding equity investments.

**B. Liquidity Risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company invests its surplus funds in bank fixed deposit and liquid and overnight schemes of mutual funds, which carry no/low mark to market risks.

The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.
